

DR V SHANTHA CENTENARY CELEBRATIONS

**DEPARTMENT OF ANAESTHESIA AND
PAIN MANAGEMENT**

CANCER INSTITUTE (WIA)

On 21st June, our department proudly hosted the Advanced Onco-Airway workshop, christened as **"B.R.E.A.T.H.E - 2026"**, to embark upon the Centenary memorial celebrations in honour of the doyenne of Onco-Care in India and our beloved late Dr.V.Shantha.

Under the aegis of Cancer Institute (W.I.A) and SOAPC, we hosted this event, wherein we were graced by ten Senior experts in Airway care, from major institutions in and around Chennai - JIPMER (Puducherry), CMC Vellore, Cuddalore Medical College, Gleneagles hospital, SIMS Hospital and also from P.D.Hinduja (Mumbai).

Around 50 registrants, comprising of both post-graduates and consultants, participated in the day-long hands-on workshop covering all aspects of airway assessment and management with the latest gadgets, provided graciously by industry equipment partners.

A Simulation session with three difficult airway scenarios provided a great platform for immersive discussions. The thoughtful clinical pearls of wisdom proffered by the experienced airway experts topped off the day of learning, leaving many yearning for more.

Tamil-nadu Dr.M.G.R University and Tamil-nadu medical Council have accredited this workshop for CME credit points.
